CERTAIN CONVENTIONS, USE OF FINANCIAL, INDUSTRY AND MARKET DATA AND CURRENCY OF PRESENTATION

Certain Conventions

All references to "India" contained in this Final Fund Raising Document are to the Republic of India and its territories and possessions and all references herein to the "Government", "Indian Government", "Gol", "Central Government" or the "State Government" are to the Government of India, central or state, as applicable.

Unless otherwise specified, any time mentioned in this Final Fund Raising Document is in Indian Standard Time ("IST"). Unless indicated otherwise, all references to a 'year' in this Final Fund Raising Document are to a calendar year.

Unless stated otherwise, all references to page numbers are to the page numbers of this Final Fund Raising Document.

Presentation of Financial Information

Our Company's financial year commences on April 1 of the immediately preceding calendar year and ends on March 31 of that particular calendar year, so all references to a particular financial year or fiscal are to the 12 -month period commencing on April 1 of the immediately preceding calendar year and ending on March 31 of that particular calendar year. Unless the context requires otherwise, all references to a year in this Final Fund Raising Document are to a calendar year and references to a Fiscal/Fiscal Year are to the fiscal year ended on March 31 of that calendar year.

Our Company's Audited Financial Results for the Fiscal Years ended March 31, 2023, March 31, 2022, and March 31, 2021, have been prepared in accordance with Indian GAAP and have been audited by M/s. Deloitte Haskins and Sells LLP and are included in the section titled *"Financial Information"* on page 55 of this Final Fund Raising Documents.

Currency and Unit of Presentation

All references to "Rupees" or "₹" or "INR" or "Rs." Are to Indian Rupee, the official currency of the Republic of India.

Except where stated otherwise in this Final Fund Raising Document, all figures have been expressed in crore. The word 'lakhs/lacs/lac ' means 'one hundred thousand' and 'crore/crs' means 'ten million' and 'billion/bn.' means 'one hundred crore.

Certain figures contained in this Final Fund Raising Document, including financial information, have been subject to rounding adjustments. Unless set out otherwise, all figures in decimals, including percentage figures, have been rounded off to two decimal points. In certain instances, (i) the sum or percentage change of such numbers may not conform exactly to the total figure given; and (ii) the sum of the numbers in a column or row in certain tables may not conform exactly to the total figure given for that column or row. Further, any figures sourced from third party industry sources may be rounded off to other than two decimal points to conform to their respective sources.

General Risk

Investment in zero coupon zero principal instruments is risky, and investors should not invest any funds in such securities unless they can afford to take the risk attached to such investments. Investors are advised to take an informed decision and to read the risk factors carefully before investing in this offering. For taking a subscription decision, investors must rely on their examination of the issue including the risks involved in it.

Specific attention of investors is invited to statement of risk factors contained under section "*Risk Factors*" on page 7 of this Final Fund Raising Document. These risks are not, and are not intended to be, a complete list of all risks and considerations relevant to the ZCZP Instruments or investor's decision to purchase such securities.

FORWARD LOOKING STATEMENTS

Certain statements contained in this Final Fund Raising Document that are not statements of historical fact constitute "forward-looking statements". Investors can generally identify forward-looking statements by terminology such as "aim", "anticipate", "believe", "continue", "could", "estimate", "expect", "intend", "may", "objective", "plan", "potential", "project", "pursue", "shall", "seek", "should", "will", "would", or other words or phrases of similar import. Similarly, statements that describe our strategies, objectives, plans or goals are also forward-looking statements. All statements regarding our expected financial conditions, results of operations and prospects are forward-looking statements. These forward-looking statements include statements as to matters discussed in this Final Fund Raising Document that are not historical facts. All forward-looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Important factors that could cause actual results, including our financial conditions and results of operations to differ from our expectations include, but are not limited to, the following:

- Reduction or discontinuation in the donations or grants received by us;
- Changes in applicable law governing corporate social responsibility policies;
- Termination or delay in implementation of our arrangements with State Governments;
- Failure to retain and attract professionals; and
- Impact of the COVID-19 pandemic or the outbreak of any new pandemic on our business and operations. For further discussion of factors that could cause our actual results to differ, see "*Risk Factors*" on page 7 of this Final Fund Raising Document.

All forward-looking statements are subject to risks, uncertainties and assumptions about our Company that could cause actual results and valuations to differ materially from those contemplated by the relevant statement. Additional factors that could cause actual results, performance or achievements to differ materially include, but are not limited to, those discussed under the sections titled *"Our Business"* and *"Legal and Other Information"* on pages 21 and 146, respectively of this Final Fund Raising Document. The forwardlooking statements contained in this Final Fund Raising Document are based on the beliefs of management, as well as the assumptions made by and information currently available to management. Although our Company believes that the expectations reflected in such forward-looking statements are reasonable at this time, it cannot assure investors that such expectations will prove to be correct or will hold good at all times. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements. If any of these risks and uncertainties materialize, or if any of our Company's underlying assumptions prove to be incorrect, our Company's actual results of operations or financial condition could differ materially from that described herein as anticipated, believed, estimated or expected. All subsequent forward-looking statements attributable to our Company are expressly qualified in their entirety by reference to these cautionary statements. Neither our Company, its Directors, its key managerial staff, and officers, nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition.

SECTION II – RISK FACTORS

The following are the risks envisaged by the management of our Company which relate to our Company, the ZCZP Instruments. Potential investors should carefully consider all the risk factors stated in this Final Fund Raising Document in relation to the ZCZP Instruments for evaluating our Company and the ZCZP Instruments before making any investment decision. Our Company believes that the factors described below represent the principal risks inherent in investing in the ZCZP Instruments, but such risks are not exhaustive. Potential investors should also read the detailed information set out elsewhere in this Final Fund Raising Document and reach their own views prior to making any investment decision.

If any one of the following stated risks actually occurs, our Company's business, financial conditions and results of operations could suffer. These risks and uncertainties are not the only issues that our Company faces. Additional risks and uncertainties not presently known to our Company or that our Company currently believes to be immaterial may also have a material adverse effect on its financial condition or business. Unless specified or quantified in the relevant risk factors, our Company is not in a position to quantify the financial or other implications of any risk mentioned herein below.

A. Internal Risk Factors

1. As a non-profit organization, a reduction or discontinuation in the donations or grants we receive may have an adverse impact on the operations of our Company.

We are a non-profit organization registered under Section 8 of the Companies Act, 2013. Accordingly, the operations of our Company are highly dependent on the receipt of donations and grants. The donations and grants received by our Company for the Financial Years ended March 31, 2023, 2022 and 2021 were ₹ 7389.39 lakhs, ₹ 6662.31 lakhs and ₹ 8953.98 lakhs, respectively. In the event that donations and grants we receive reduce or are discontinued including on account of such donations and grants being focused on projects of other companies, it may have an impact on the business, operations and financial condition of our Company.

2. Changes in the financial position of our donors could result in a reduction or discontinuation of donations and grants received by our Company.

Our income is dependent on donations and grants being made to our Company. By their nature donations and grants are discretionary in nature and in the event of a deterioration in the financial position of our donors, the donations and grants we receive may reduce or may not continue at all. As a consequence, our Company's financial position and operations may be adversely impacted.

3. Changes in applicable law governing corporate social responsibility policies could have an adverse impact on our operations.

In terms of the Companies Act, 2013, companies which meet specific criteria are required to spend a portion of their profits towards activities which relate to their corporate social responsibility policies. Donations and grants made to our Company typically are made by companies as part of such policies. In the event of any change which reduces the amount required by companies to be spent on activities which relate to corporate social responsibility, the donations made to our Company may reduce, which in turn could have an adverse impact on our Company's operations.

4. Changing Political Landscape:

With the changing political landscape in the country, there could be decrease in interest of the national and state government in integrating additionally agenda through NRLM/SRLM which may reduce the overall support for this idea. To mitigate this, advocacy with relevant departments and sharing promising results on a regular basis will be undertaken regularly.

5. Linkage with Line-Ministry:

One of the critical challenges for this project will be to establish linkages with all the state level departments and central ministries. As a part of the mitigation efforts the TA leadership will use this existing space in policy space to bring this alignment. Also the TA will use it existing relationship with the key line ministries to drive the alignment of efforts.

6. Failure to retain and attract professionals could have an impact on our operations.

Under the programmes of our Company, we engage professionals who work with us and assist us with training, a significant portion of whom work with us on a pro bono basis or for nominal remuneration. This could lead to some delays in hiring and execution. We have kept additional time to complete the programme and we should be able to manage.

7. We are exposed to various operational risks including the risk of fraud and other misconduct by employees or outsiders.

8. Like any other non-profit organizations we are also exposed to various operational risks which include the risk of fraud or misconduct by our employees or even an outsider, unauthorized transactions by employees or third parties, misreporting and non-compliance of various statutory and legal requirements and operational errors.

It may not be always possible to deter employees from the misconduct or the precautions we take to detect and prevent these activities may not be effective in all cases. Any such instances of employee misconduct or fraud, the improper use or disclosure of confidential information, could result in regulatory and legal proceedings and may harm our reputation and also our operations.

- 9. The objects of the Issue have not been appraised by any bank or financial institution. Our funding requirements and proposed deployment of the Net Proceeds are based on management estimates and may be subject to change based on various factors, some of which are beyond our control. Any variation in the utilization of the Net Proceeds or in the terms of the conditions as disclosed in this Final Fund Raising Document would be subject to certain compliance requirements, including prior shareholders' approval.
- 10. We intend to use the Net Proceeds of the Issue for the purpose of training youth, as described in "*Objects of the Issue*" on page 16 of this Final Fund Raising Document. At this stage, we cannot determine with any certainty if we would require the Net Proceeds to fund other expenditure or any exigencies arising out of changes in our competitive environment, business conditions, economic conditions or other factors beyond our control. Our funding requirements and deployment of the Net Proceeds are based on internal management estimates and current market conditions, and have not been appraised by any bank or financial institution or other independent agency. It is subject to amendment due to changes in external circumstances, costs, other financial condition or strategies. We operate in an industry which is dependent on donors and grants, and may need to revise our estimates from time to time based on changes in external circumstances or costs, or changes in other financial conditions, business or strategy. This may entail rescheduling, revising or cancelling planned expenditure and funding requirements at our discretion. For details, see "*Objects of the Issue*" on page 16 of this Final Fund Raising Document. Additionally, various risks and uncertainties, including those set forth in this "*Risk Factors*" section, may limit or delay our efforts to use the Net Proceeds to achieve growth.

11. There could be unintended consequences of our operations under our programmes.

Our programmes could have unintended negative outcomes. For details in relation to such potential unintended negative outcomes, please refer to the section titled "*Our Business*" on page 21 of this Final Fund Raising Document. Significant differences exist between Indian GAAP and other accounting principles, such as Ind AS, which Applicants may be more familiar with and may consider material to their assessment of our financial condition.

Prospective Applicants should review the accounting policies applied in the preparation of our financial statements, and consult their own professional advisers for an understanding of the differences between these accounting principles and those with which they may be more familiar.

- 12. We believe that our skill development and vocational training courses have helped our target segment become employable, benefit from opportunities and attain financial independence. However, there are also numerous challenges that our target segment routinely faces while undertaking our programmes due to several socio-economic and geographic factors. A significant part of our primary target segment have grown up in disadvantaged circumstances, are based in rural areas of the country, and thus frequently come from marginalized backgrounds. Below mentioned are some key challenges:
 - *Women Mobility and Access to Resources:* Women in rural areas often face significant mobility constraints due to cultural norms and safety concerns, which can limit their access to training facilities and markets. Moreover, women may have less access to the capital and resources needed to build their livelihoods, further inhibiting their ability to participate in entrepreneurial activities.
 - *Market Related Challenges:* The proposal recognizes that rural youth entrepreneurs encounter difficulties accessing capital to start or grow their businesses. This includes challenges like very small ticket sizes, which are too insubstantial for banks and sometimes even for microfinance institutions, the absence of collateral, inability to fulfill know-your-customer (KYC) requirements, lack of a borrowing history, and a general reluctance to incur debt.

13. Operational Risk:

The program aims to catalyse a local enterprise support ecosystem that creates access to knowledge, business ideas, grant and financing products, services and market linkages for youth to start or grow businesses. There might be challenges in effectively managing and implementing multi-stakeholder coordination which includes risks related to coordination, logistics, and quality control across different stakeholders.

14. Market Risk:

The success of the project is closely tied to the economic and job market conditions. Economic downturns could negatively impact both the entrepreneurial initiatives and employment opportunities for youth.

15. Dependency on Top 5 Donors

Heavy reliance on a few major donors can lead to vulnerability in funding. If one or more top donors change their funding priorities or face their own financial difficulties, the organization could face significant financial challenges. Therefore, the proposed project has partnership with diverse set of global and domestic organizations like The Aspen Institute, La Caixa Foundation, Bill and Malinda Gates Foundation, Standard Chartered Bank, Indigo, Accenture, Teva pharmaceuticals, etc and dependency on few donors is limited. Also, the program is aligned with large government programs to unlock public resources for the desired outcomes.

16. Deficiency in Programs

Youth Aspiration Mismatch: The training provided by the partner organizations might not align with the rural youth aspirations, leading to a gap between the skills aspired by the youth and the needs of employers. Learning over the years from our approach will be incorporated to reduce this mismatch.

Quality Variability: There could be inconsistencies in the quality of training and support provided across different partners, affecting the overall effectiveness of the program. TRI will work with the partners to standardize quality of training across partners and also include feedback mechanisms to improve the training programs.

17. Risks to NPO's Work and Mitigation Strategies

Performance Risk: Failure to deliver promised outcomes can damage the organization's reputation. The proposed project is part of the mission of bringing prosperity in rural areas and our approach of creating locality compact (with community, Panchayat and administration) and multi-stakeholder collaboration addresses the performance risk. Mitigation includes transparent reporting, continuous program evaluation, and adapting strategies as needed.

Compliance Risk: Non-compliance with regulatory requirements could lead to legal issues. Mitigation involves regular audits and adherence to all applicable laws and guidelines

18. Unintended Consequences and Mitigation

- *Economic Displacement:* New businesses supported by the program might inadvertently harm existing local businesses. Mitigation includes market research and community consultations to understand the local economic landscape.
- *Overdependence:* Beneficiaries might become overly reliant on the support provided, hindering long-term self-sufficiency. Mitigation involves focusing on sustainable models and exit strategies for beneficiaries.
- Societal Tensions: Standardized programs in these districts will bring more women in the workforce and male dominated enterprises. This might overlook local cultural nuances and lead to intra-family and gender-based conflicts. Mitigation includes tailoring programs to local contexts and involving Women SHG collectives in the planning and implementation process. These risks and unintended consequences require careful consideration and proactive management to ensure the success and sustainability of the project.

B. External Risk Factors

1. We are subject to regulatory and legal risk which may adversely affect our business.

As a non-profit organization registered under Section 8 of the Companies Act, 2013 our operations are subject to applicable law in India. There can be no assurance that the laws governing us will not change in the future or that such changes or the interpretation or enforcement of existing and future laws and rules by governmental and regulatory authorities will not affect our business and future financial performance.

2. Civil unrest, terrorist attacks and war could affect our business.

Terrorist attacks and other acts of violence, war, or conflicts, particularly those involving India, may adversely affect Indian and global financial markets. Such acts may negatively impact business sentiment, which could adversely affect our operations, including the donations and grants that are made to our Company. India has from time to time experienced, and continues to experience, social and civil unrest, terrorist attacks and hostilities with neighboring countries. The consequences of any armed conflicts are unpredictable, and we may not be able to foresee events that could have an adverse effect on our business and operations.

C. Further, our Statutory Auditors have not been subjected to a peer review process, and do not hold a peer review certificate from the Institute of Chartered Accountants of India, as of the date of this Prospectus. Any reliance by Applicants on the Audited Financial Statements should accordingly consider the foregoing factors.

Risks related to ZCZP Instruments

1. The tenure of the ZCZP Instruments will be the 2 Years from the deemed date of allotment or completion of the Project whichever is earlier, being the timeline for completion of the Objects of the Issue. No amount is repayable on expiry of such tenure of the ZCZP Instruments.

The tenure of the ZCZP Instruments will be the 2 Years from the deemed date of allotment or completion of the Project whichever is earlier, being the timeline for completion of the Objects of the Issue. ZCZP Instruments are instruments which by their nature do not carry any interest and no amount is repayable to investors even at the expiry of the tenure of the instruments. Potential investors should be aware that even at maturity, the principal amount on investments in ZCZP Instruments are not repayable. Such non-redemption feature of the ZCZP Instruments is likely to limit their market value.

2. There is no secondary market for ZCZP Instruments as ZCZP Instruments listed on the Stock Exchanges issued by nonprofit organizations are not tradable.

ZCZP Instruments issued by non-profit organizations and listed on the Stock Exchanges are not available for trading in the secondary market. Accordingly, an investor will not be able to trade such ZCZP Instruments or redeem their investments in such instruments issued by our Company.

Impersonation

As a matter of abundant precaution, attention of the investors is specifically drawn to the provisions of sub-section (1) of Section 38 of the Companies Act, 2013, relating to punishment for fictitious applications. Section 38(1) of the Companies Act, 2013 provides that:

"Any person who —

- (a) makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or
- (b) makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or

(c) otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name,

shall be liable for action under Section 447."

The liability prescribed under Section 447 of the Companies Act 2013 for fraud involving an amount of at least $\gtrless 10$ lakhs million or 1.00% of the turnover of our Company, whichever is lower, includes imprisonment for a term which shall not be less than six months extending up to 10 years (provided that where the fraud involves public interest, such term shall not be less than three years) and fine of an amount not less than the amount involved in the fraud, extending up to three times of such amount. In case the fraud involves (i) an amount which is less than $\gtrless 10$ lakhs or 1.00% of the turnover of our Company, whichever is lower; and (ii) does not involve public interest, then such fraud is punishable with an imprisonment for a term extending up to five years or a fine of an amount extending up to $\gtrless 5$ lakhs or with both.

Operations

Our Company has a physical existence, is operational and is accessible for visits at our Registered Office.

Underwriting

The Issue is not underwritten.

Arrangers to the Issue

There are no arrangers to the Issue.

Guarantor to the Issue

There are no guarantors to the Issue.

Minimum subscription

In terms of the SEBI ICDR Regulations, for an issuer undertaking a public issue of zero coupon zero principal instruments the minimum subscription for such public issue of zero coupon zero principal instruments shall be 75% of the Issue Size.

If our Company does not receive the minimum subscription of 75% of Issue Size, prior to the Issue Closing Date, the entire Application Amount shall be refunded to the Applicants.

Further, no separate arrangements have been made in case of subscription above 75% of the Issue Size but below 100% of the Issue Size.

In case the subscription above 75% of the Issue Size but below 100% of the Issue Size is not arranged, the impact on achieving social objectives is as follows:

The goal of this project is to enable youth to avail skilling and employment opportunities, create local entrepreneurship and self-employment opportunities that are locally viable, sustainable, and dignified.

-5500 youth enrolled for skilling.

-4000 youths are placed with jobs.

-550 entrepreneurs promoted.

If the case of subscription above 75% of the Issue Size but below 100% of the Issue Size, the number of youth trained will get reduced on a pro rata basis.

Under Section 39(3) of the Companies Act, 2013 and Rule 11(2) of the Companies (Prospectus and Allotment of Securities) Rules, 2014, if the stated minimum subscription amount is not received within the specified period, the application money received is to be credited only to the bank account from which the subscription was remitted. To the extent possible, where the required information for making such refunds is available with our Company and/or the Registrar, refunds will be made to the account prescribed. However, where our Company and/or the Registrar does not have the necessary information for making such refunds, our Company and/or the Registrar will follow the guidelines prescribed by SEBI in this regard.

OBJECTS OF THE ISSUE

Issue Proceeds

Our Company has filed this Final Fund Raising Document for a public issue of zero coupon zero principal instruments of face value of Rs. 10,000 each aggregating up to ₹2.00 crore. The details of the proceeds of the Issue are summarized below.

We have been working on the Youth Employability and Entrepreneurship for more than five years now and for creating one district as place based economic opportunities ecosystem, the costing is around 2 Crores for a span of two years for one district which involves all the activities as mentioned in the offer letter.

Identification of district happens with considerations like:

- District should be an aspirational district identified by NITI Aayog, to align with priorities and focus of government flagship programmes.
- There should be a sizeable youth population in the district.
- Proactiveness of the Local Government Administration, as lot of convergence of efforts is targeted.
- The project outcomes are measured through internal monitoring and evaluation of TRIF as well as external project evaluation, subject to budget availability.

The Issue is being made pursuant to the provisions of the SEBI ICDR Regulations read with the SSE Framework Circular, NSE Norms, the SEBI NCS Regulations and the Companies Act and the rules made thereunder, as applicable. Our Company proposes to utilize the proceeds raised through the Issue, after deducting the Issue related expenses to the extent payable by our Company ("Net Proceeds") towards funding the objects listed under this section.

| S. No. | Particulars of the Issue | Estimated amount (in ₹ crore) |
|--------|-------------------------------|-------------------------------|
| 1. | Gross Proceeds of the Issue | up to 2.00 |
| 2. | Less: Issue related expenses* | |
| | | 0.02 |
| 3. | Net Proceeds* | 1 98 |

The details of the proceeds of the Issue are summarized below:

* The above Issue related expenses are indicative and are subject to change depending on the actual level of subscription to the Issue, the number of allottees, market conditions and other relevant factors.

Requirement of Funds and Utilization of Net Proceeds

Objects of the Issue:

Skilling Cost for Vocational & Entrepreneurial Activities: The program supports young individuals by offering personalized counselling to identify their interests and strengths, subsequently linking them with suitable skill development programs. It monitors their progress to ensure they remain engaged and complete the training successfully. After training, the program assists these skilled individuals in finding relevant job opportunities, easing their transition into the workforce. This comprehensive approach ensures that participants are not only equipped with necessary skills but also guided towards gainful employment, tailored to their individual strengths and opportunities.

Capital Subsidy to Mini Businesses by Youth: The program aims to foster entrepreneurship and self-employment by developing a local enterprise support ecosystem. This ecosystem will provide young entrepreneurs with essential resources, including access to knowledge, innovative business ideas, and a variety of grants and financing options. Additionally, it will offer services and market linkages crucial for starting or expanding their businesses. This support structure is designed to not only assist in the initial stages of business development but also to ensure sustainable growth and success by connecting young entrepreneurs with the necessary tools and networks.

Set-up Cost for District Ecosystem and Youth Hubs: This involves the establishment of infrastructure and support systems at the district level to facilitate youth employment and entrepreneurship. These hubs will serve as centres for training, mentorship, and resources, providing a nurturing environment for young entrepreneurs and job seekers.

The main objects clause of the Memorandum of Association of our Company permits our Company to undertake its existing activities as well as the activities for which the funds are being raised through the Issue.

Purpose for which there is a requirement of funds, project details and target segment:

In India, unemployed youth vastly outnumber those of any other country. We currently have the largest ever youth population in our history - 20% (366 million) of the world's youth live in India. Around, two-third of our population are under 35 and only 2% of the workforce is formally skilled. Even though the enrolment of youth in formal education has increased, there has been a significant increase in unemployment rates for the youth segment. For young people in rural districts, the unemployment situation is further aggravated in terms of labor force participation as well as lack of jobs. A secondary analysis done by TRIF found that approximately 3 lakh youth (~65%) in each of these districts are Not in Education, Employment and Training (NEET) or are underemployed.

The root causes of youth unemployment are complex and multi-dimensional. While there are many impressive programmatic innovations underway, most interventions remain overwhelmingly sub-scale, and are unable to expand quickly enough to support the rapidly growing cohort of working-age youth in need of jobs and income. There is a need for a holistic approach to create lasting employment opportunities for youth at the scale required. The program will onboard 12-15 Sarathis to work across all project villages in selected districts. Each Sarathi will reach out to approximately 600-700 youth across census town and facilitate transformational outcomes for ~300-400 youth.

Project Detail:

TRI's solution is to unlock emerging economic opportunities in these districts leveraging the power of aspirational young people and penetration of digital technologies in rural areas. The scale and complexity of the challenge requires a comprehensive place-based economic opportunities model riding on socio-economic transition on demand side and building on the existing public, private and community investments. This can be achieved by

- (i) Coordinating and supplementing the entrepreneurship and employability ecosystem at the district level
- (ii) Developing district-specific high-potential livelihood pathways for local youth

(iii) Setting up phygital youth hubs (MERA Bharat Hubs) for servicing the young people in these districts and access entrepreneurship and employment opportunities

The component intervention has been validated by TRI and will be delivered through the MERA Bharat Hubs in selected districts. In order for communities to explore various entrepreneurship opportunities and access business development services, there is a need for comprehensive human-tech solutions. The hubs create digitally enabled physical hubs along with a cadre of community counsellors to help people in these peri-urban areas access opportunities. The hubs are tech-enabled resource centres, which will act as "One Stop Shop" for the people to access variety of services (ideation, training, business plan, Finance, Mentoring) at a single place. These hubs will aggregate existing solutions around entrepreneurship and skilling needs for the local youth. Community counsellors associated with the hubs work with rural youth and their families in facilitating access to digital opportunities.

Project outcomes:

Our organizational output and impact achieved through our efforts in 8 community action blocks. As TRI works towards enhancing multidimensional life opportunities in rural areas, we work on Education, Youth Employability and Entrepreneurship, Health & Nutrition, and Farm Prosperity with Gender and Governance as cross cutting themes, our endline and impact evaluation is done on all the themes. In this same section, we have stated our total outreach of the Youth Employability and Entrepreneurship is also mentioned. Below mentioned are key outcomes achieved in the Youth Employability and Entrepreneurship section:

- -5500 youth enrolled for skilling.
- -4000 youths are placed with jobs.
- -550 entrepreneurs promoted.

Transforming Rural India Foundation has demonstrated expertise of supporting youth in employment and economic development interventions. It has formal arrangements on supporting Producer Enterprises around commodity value chains and is supporting Ministry of Rural Development in implementing the 2.5 Crore Lakhpati Mahila Programme. We have formal arrangements with public programmes and leadership in Madhya Pradesh, Uttar Pradesh, Jharkhand, Chhattisgarh, Maharashtra to implement for comprehensive livelihoods. TRI has embedded cells within the district administration for convergence of different programmatic resources (RSETI, MUDRA, PMEGP, SFURTI, etc) to bring substantive change in the districts. The proposed effort builds on this close partnership with the government and district comprehensive model implemented in two districts. TRI has formal partnerships forged with global initiatives like Global Opportunity Youth Network (https://goyn.org/) and Work for Progress (https://work4progress.fundacionlacaixa.org/) to bring in the global best practices. Other philanthropies both Global and National such as Bill & Melinda Gates Foundation, The Aspen Institute, Interglobe Foundation, Azim Premji Foundation, etc. have supported our cause and helped us in advancing our work on rural empowerment.

The project timeline 2 years from the deemed date of allotment or completion of the Project whichever is earlier, being the timeline for completion of the Objects of the Issue. The tracking of the youth business/employment will be showcased at the end of the tenure.

Impact Scorecard:

- No. of Villages outreached with Employability & Entrepreneurship interventions: 810
- No. of villages where VO taking lead in linking their women & youth with E&E pathways: 74
- Hub established at cluster/block/district level: 220 Hubs
- Total no. of youth linked to entrepreneurship: 556
- No. of female youth linked to entrepreneurship: 210

Funding Plan

Our Company confirms that for the purpose of this Issue, funding plan will not be applicable, as the objects are proposed to be funded through the Net Proceeds.

Schedule of implementation of the project and deployment of funds

The project timeline 2 years from the deemed date of allotment or completion of the Project whichever is earlier, being the timeline for completion of the Objects of the Issue. The tracking of the youth business/employment will be showcased at the end of 2 years from the Deemed Date of Allotment or project completion.

OUR BUSINESS

Some of the information contained herein, including information with respect to our vision, our target segment, strategy and operations contain forward-looking statements that involve risks and uncertainties. This section should be read in conjunction with the *sections "Forward Looking Statements", Risk Factors and "Financial Information"* on the pages 6, 7 and 55 of this Final Fund Raising Document.

In this section any reference to "we". "us" or "our" refers to Transforming Rural India Foundation (the Company). Unless otherwise indicated, or unless the context otherwise requires, the financial information included herein is based on our Audited Financial Statements, see *"Financial Information"* on page 57 of this Final Fund Raising Document.

Overview and Vision

We are a not-for-profit organization registered under Section 8 of the Companies Act, 2013 and were incorporated on January 13, 2016. Our key objects are aimed at enabling less educated underprivileged, unemployed youth to seek gainful employment. For further information on the objects of our Company, please refer *History and Main Objects* on page 26 of this Final Fund Raising Document.

Our vision "TRIF envisions equal life-time opportunity with inter-generational equity for India's villages, i.e., a village where all the basic amenities necessary for enabling a quality life experience are available and every resident has access without discrimination to these opportunities - irrespective of gender, caste or class. It envisions social norms based on justice, equality and liberal-scientific outlook including sustainable use of resources and ecologically sensitive lifestyles. It also envisages villages as a socially cohesive entity where all have the opportunity to express full human potential in various facets of life -social, political, cultural and economic. It envisages a situation in the village where every youth has skills and the information to make an informed choice for a lifelong fulfilling productive engagement."

TRIF is deeply focused on critical challenges/issues of the marginalized communities and in particular of women in the bottom 100,000 villages of India ("stranded India"). The value TRIF bring is its deep knowledge and an inventory of working "solutions" for "stranded" India and mechanism for scaling-up those "solutions". Another differentiator is our focus on the rural urban continuum for these poor families in context of continuing migration in search of better opportunities. Practices at TRIF which enable our change efforts:

- 1. Developing local contextual solutions for Village Transformation from TRI's Community Action Labs practice
- 2. Public-System engagement for scale-up of solutions through our Public Policy in Action practice
- 3. Developing market solutions for stranded India,

Our programs and their target segment

Thematic areas focused to solve the Multi-dimensional challenge of poverty:

At the intersections of themes lies the space to seed transformation that triggers ripple-effect on other dimensions, leading to a better quality of life in the villages. The primary themes of engagement are – Education, Youth Employability and Entrepreneurship, Health & Nutrition, and Farm Prosperity with Gender and Governance being cross cutting themes of focus.

Key Initiatives:

- Building Place-based Economic Opportunities leading to Youth Employability and Entrepreneurship
- Strategy development and demonstrative implementation of Universalization of Women Livelihoods
- Technical assistance and designing scale solutions through central and state government partners.
- Expanding Women's Economic Empowerment through Systems change and demonstrative impact.
- Strengthening Community health services demand and Public Health Infrastructure and Services in Rural Areas
- Strengthening local governance to drive active citizenry and create institutions of local self-governance.

We are committed to building community resilience for better health outcomes through a multifaceted approach. Our collaboration with Women Collectives empowers local women to lead health initiatives, thereby improving health practices and outcomes within their communities. We place a strong emphasis on supporting frontline health workers, especially in resource-limited areas, enhancing their skills, and equipping them with necessary supplies for effective healthcare delivery. Our efforts extend to raising public healthcare awareness, with a particular focus on women's health issues such as maternal and child health, non-communicable diseases, and emerging women's cancers. Recognizing the impact of climate change on health, we adopt a One-health approach to build community resilience against climate-related stress, integrating community actions into public policies and investments. Additionally, we engage with academia and private sector innovators to bring technology-driven healthcare solutions to rural India, aiming to revolutionize screening, diagnosis, and treatment methods.

The Approach

The immediate outcomes can be attained through a Whole of Society Approach (Bazaar, Samaaj, Sarkaar) with the synergy of the community, public and market interventions. Community Action Labs are places for active experimentation and prototyping drawing support of Nudge Units, placed in Districts, State, National Government is central to developing meaningful scalable prototypes.

Public system delivery is backed by our experience in the power of engaged and responsive government to address problems of poor, co-creating with counterparts to surface and drive their own solutions and supporting pathways through innovations in processes, leveraging data sciences, mandate sharpening, strategy and implementation methodologies, bringing best practices, evidence-based practices, internal feedback loops and evaluations.

The third peg is catalyzing market based eco-systems where required and feasible, and incubating and accelerating entrepreneurial start-ups – these could take various forms e.g., budget schools/hospitals, contract farming, youth focused interventions linking with local enterprise development, connecting local informal sector jobs.

TRI-focal engagement addresses the need for scalable solutions and models, recognizing the instrumental role of the state for scaling, while also leveraging market dynamics. The TRI's work focuses on active experimentation, implementing ideas on the ground to crystallize models and processes through learning by doing, followed by large-scale adoption. Evidence-based policymaking is crucial, with the absorption and scaling of models done in collaboration with the state apparatus. The program provides support throughout the lifecycle, understanding the functioning of the state and incorporating concepts, design, rollout, monitoring, and evidence-based adaptive management cycles.

Our Solution

Have "community action labs" on the ground working closely with community institutions, local constitutional bodies, public systems, and interested market players. Enabling ecosystem through embedding Nudge-Units to integrate "solutions" within the architecture of the large government programs. Augments the capacity gaps by developing capacities of existing staff and enhancing efficiency and effectiveness of implementation by deploying competent human resources with "Short Tenure Public Service" (Fellowship) engagement for young professionals. Adding a new unit on "evidence generation" for policy impacting. Bending markets for flourishing localities is the practice for bringing markets to rural spaces.

The solution towards youth employability and entrepreneurship is to unlock emerging economic opportunities in these districts leveraging the power of aspirational young people and penetration of digital technologies in rural areas. The scale and complexity of the challenge requires a comprehensive place-based economic opportunities model riding on socio-economic transition on demand side and building on the existing public, private and community investments. This can be achieved by

- (i) Coordinating and supplementing the entrepreneurship and employability ecosystem at the district level
- (ii) Developing district-specific high-potential livelihood pathways for local youth

(iii) Setting up phygital youth hubs (MERA Bharat Hubs) for servicing the young people in these districts and access entrepreneurship and employment opportunities

The intervention will be an integrated and comprehensive pathway that builds agency in youth creates safety nets, and brings new commerce/market linkages thereby creating local opportunities, bridging youth aspirations and generating economic growth.

Target segment

TRI focuses on the bottom 1,00,000 villages caught in the poverty trap. They are severed from the pathways that lead to better opportunities and ways to build their capacities. Too often, they lack the means to lift themselves out of poverty and do not believe they can aspire to a better life. To reach these villages, we use National Rural Livelihoods Mission (NRLM) architecture of women collectives, Cluster Level Federations, Village Organization and self-help groups. The initiatives towards Education, Health & Nutrition, Farm Prosperity with Gender and Governance focused across themes are anchored by these women collectives.

Our target segment for Youth Employability and Entrepreneurship is individuals aged 18 to 25 years, who belong to the economically weaker sections of society. Emphasizing idit, Maximum number of unemployed youths are in the category of 18-25 years where most of the respondents stated reason of - "not having access to formal jobs and lack of skill training opportunities" were major hindrance for them to engage in livelihood activities. The district having a predominantly rural landscape, characterized by limited industrial development and a reliance on traditional

agricultural practices; with low green cover, drought prone and the lack of diverse employment prospects has resulted in a significant youth population being unable to leverage their skills and talents effectively, leading to high rates of unemployment.

Building on the Transforming Rural India, Foundation's work around the principle "to empower lives and broadens people's scope for economic opportunities through community-based approaches", the proposal outlines a comprehensive plan that includes the establishment of District level ecosystem and physical centers for young people to access entrepreneurship support programs, vocational skilling programmes through strategic partnerships with local industries, govt and private aided training programs. Additionally, it emphasizes the importance of tailored mentoring and guidance programs to enable young individuals to make informed career choices and explore sustainable livelihood options.

The outcome

The effectiveness of our approach has been validated by independent assessments. Transforming Rural India Foundation conducts third-party independent assessments for its programmes. The third-party mentioned in this section is Sambodhi Research & Communications Pvt. Ltd., an organisation that excels in advancing development programs through data-driven insights. Specializing in analytics, monitoring, and evaluation, they focus on healthcare, education, and social development. Renowned for transforming data into actionable intelligence, Sambodhi supports informed decision-making in organizations and governments. Their innovative approach and expertise in policy-making mark them as leaders in promoting sustainable change through meticulous research and strategic communication.

This independent assessment was done to assess the change in the agency of women, their collective decision making and overall behavioural and decision-making change in community through our programme of deepening local democracy. It was found that there was a substantial increase in access to financial services, continued education, and institutional delivery. Improvements were also observed in the availability of household toilets and their usage. The methodology involved a carefully calculated sample size estimation. This independent assessment was completed in July 2019.

As we grow, we will continue to gather more evidence of its success. The progress made in the first set of pilots from 2016-2020 validates this premise. Independent assessment shows substantive gains in the adoption of IYCF practices, food diversity, use of toilets, access to health and nutrition services, and improvement in learning outcomes. Productivity and income gains reveal an encouraging shift in the proportion of households in the bottom quintile and top quintile. Independent assessment show gains on adoption of IYCF practices - 3 ANC visits and breastfeeding for 6 months, food diversity, use of toilets; access to health & nutrition services, marked increase in student attendance, increased teacher's presence in schools, improvements on retention and transition; Productivity and income gains 37% increase in HHs with gross annual income greater than INR 1,00,000.

During the year 2022-23, the youth employability efforts have been able to reach 14,285 youth for developing their non-farm/enterprise/job related livelihoods.

Our organizational output and impact achieved through our efforts in 8 community action blocks. As TRI works towards enhancing multidimensional life opportunities in rural areas, we work on Education, Youth Employability and Entrepreneurship, Health & Nutrition, and Farm Prosperity with Gender and Governance as cross cutting themes, our end line and impact evaluation is done on all the themes. In this same section, we have stated our total outreach of the Youth Employability and Entrepreneurship is also mentioned. Below mentioned are key outcomes achieved in the Youth Employability and Entrepreneurship section:

- 5500 youth enrolled for skilling.
- 4000 youths are placed with jobs.
- 550 entrepreneurs promoted.

Risk:

Changing Political Landscape: With the changing political landscape in the country, there could be decrease in interest of the national and state government in integrating additionally agenda through NRLM/SRLM which may reduce the overall support for this idea. To mitigate this, advocacy with relevant departments and sharing promising results on a regular basis will be undertaken regularly.

Linkage with Line-Ministry: One of the critical challenges for this project will be to establish linkages with all the state level departments and central ministries. As a part of the mitigation efforts the TA leadership will use this existing space in policy space to bring this alignment. Also the TA will use it existing relationship with the key line ministries to drive the alignment of efforts.

We would like to submit that our programmes could have unintended negative outcomes. For example, we incur certain cost and time on training youth and skill development under our programmes. However, after completion of the programme, the youth may decide not to take up a job due to various factors including social, or geographic reasons. Secondly, we may not have the capacity to train all the interested individuals under our programme due to lack of infrastructure or resources available with us. Accordingly, our programmes may not always yield the intended consequences. While our Company has designed the training programmes to account for such unintended consequences, there can be no assurance that there will not be unintended consequences.

Impact Scorecard

At TRIF, we have an organizational management information system, where we capture meta data of all our practices. Key indicators we capture for the youth employability and entrepreneurship are:

- No. of Villages outreached with Employability & Entrepreneurship interventions: 810
- No. of villages where VO taking lead in linking their women & youth with E&E pathways: 74
- Hub established at cluster/block/district level: 220 Hubs
- Total no. of youth linked to entrepreneurship: 556
- No. of female youth linked to entrepreneurship: 210

For further details in relation to the number of jobs secured by the youth trained under our programme, please refer to the section titled "Our Business" on page 21 of this Final Fund Raising Document.

Key challenges

We believe that our skill development and vocational training courses have helped our target segment become employable, benefit from opportunities and attain financial independence. However, there are also numerous challenges that our target segment routinely faces while undertaking our programmes due to several socio-economic and geographic factors. A significant part of our primary target segment have grown up in disadvantaged circumstances, are based in rural areas of the country, and thus frequently come from marginalized backgrounds. The key challenges we face are as follows:

Women Mobility and Access to Resources: Women in rural areas often face significant mobility constraints due to cultural norms and safety concerns, which can limit their access to training facilities and markets. Moreover, women may have less access to the capital and resources needed to build their livelihoods, further inhibiting their ability to participate in entrepreneurial activities.

Market Related Challenges: The proposal recognizes that rural youth entrepreneurs encounter difficulties accessing capital to start or grow their businesses. This includes challenges like very small ticket sizes, which are too insubstantial for banks and sometimes even for microfinance institutions, the absence of collateral, inability to fulfill know-your-customer (KYC) requirements, lack of a borrowing history, and a general reluctance to incur debt.

For details in relation to achievements, please refer to the section titled "History and Main Objects - Major events and Milestones" on page 26 of this Final Fund Raising Document.

Feedback mechanism:

Youth hubs periodically take feedback from youths about their services and infrastructure. Based upon the feedback received, youth hubs work on their infrastructure, and services to match them with youths' convenience and requirements. Feedback is collected through Google Forms. There are 7 indicators both qualitative and quantitative for feedback. These indicators include.

- Overall Satisfaction with hub staff (their behavior and cooperation)
- Overall Satisfaction with hub location
- The most you like about the youth hub.
- How satisfied are you with hub services and their delivery.
- Any feedback for hub services, like what to add or remove?
- How did you know about the youth hub?
- Was it helpful for your query or career plan?

Our Strategy

Youth will be connected to the various components of the Entrepreneurship Ecosystem via community mobilisers called Sarathis. Sarathis will be an extension of the MERA Bharat Hubs and work at a field level and support entrepreneurs and aspiring entrepreneurs through their entrepreneurship journeys. They will provide counselling at a family level, as well as provide technical guidance on various aspects of running a successful business including idea discovery, business planning, set-up, regulatory compliances, etc. They will build capacity of youth on an ongoing basis through interaction on a weekly basis, and will also facilitate linkages with local service providers including for capital, as well as with government schemes.

The program will onboard 12-15 Sarathis to work across all project villages in selected districts. Each Sarathi will reach out to approximately 600-700 youth across census town and facilitate transformational outcomes for $\sim 300-400$ youth.

TRI will facilitate the onboarding of these Sarathis and help build capacity of the Sarathis facilitating youth interaction and provide access to tech platforms for program delivery and management.

Rural youth entrepreneurs face serious challenges in accessing capital to start or grow their enterprises; key challenges include very small ticket sizes (too small for banks and sometimes even microfinance organizations), lack of collateral, lack of registration/cannot fulfil know your customer requirements, no borrowing history and an aversion to take on debt.

The TRI team will engage with other partners that are providing different types of financing and supports, specifically:

- Leverage funds from government programs and schemes such as PMEGP, MUDRA, etc
- Impact investing support for returnable capital/very low % debt financing support from impact investors that can contribute working capital.
- Aligned microfinance organizations and banks that that are keen to provide basic debt financing alongside the grants, personal investments and impact investment support in a blended financing structure.

INDEPENDENT AUDITOR'S REPORT

To The Members of Transforming Rural India Foundation Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Transforming Rural India Foundation ("the Company"), which comprise the Balance Sheet as at March 31, 2023, and the Statement of Income and Expenditure, the Statement of Cash Flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act read with the Companies (Accounting Standards) Rules, 2021, as amended ("Accounting Standards") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and its excess of income over expenditure, its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors' report, but does not include the financial statements and our auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Regd. Office: One International Center, Tower 3, 32nd floor, Senapati Bapat Marg, Elphinstone Road (West), Mumbai-400 013, Maharashtra, India. Deloitte Haskins & Sells LLP is registered with Limited Liability having LLP identification No: AAB-8737

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, cash flows of the Company in accordance with the Accounting Standards and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due
 to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
 evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not
 detecting a material misstatement resulting from fraud is higher than for one resulting from error,
 as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override
 of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

57

- Evaluate the overall presentation, structure and content of the financial statements, including the
 disclosures, and whether the financial statements represent the underlying transactions and
 events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the Company to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities or business activities included in the financial statements of which we are the independent auditors.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

- 1. As required by Section 143(3) of the Act, based on our audit, referred to in the Other Matters section above we report, to the extent applicable that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

b) The Balance Sheet, the Statement of Income and Expenditure, the Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account.

In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act.

- c) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act.
- d) The observation relating to the maintenance of accounts and other matters connected therewith, are as stated in paragraph (b) above.

- e) Reporting on the adequacy of Internal Financial Controls with reference to financial statements of the Company and the operating effectiveness of such controls, under section 143(3)(i) of the Act is not applicable in view of the exemption available to the Company in terms of the notification no. G.S.R. 583(E) dated 13 June 2017 issued by the Ministry of Corporate Affairs, Government of India, read with general circular No. 08/2017 dated 25 July 2017.
- f) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

In our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, section 197 of the Act related to the managerial remuneration is not applicable.

- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - The Company does not have any pending litigations which would impact its financial position
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - (a) The Management has represented that, to the best of it's knowledge and belief, other than as disclosed in the notes to the financial statements no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The Management has represented, that, to the best of it's knowledge and belief, other than as disclosed in the notes to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v. The company has not declared or paid any dividend during the year and has not proposed final dividend for the year.

59

vi. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company w.e.f. April 1, 2023, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2023.

TRANSFORMING RURAL INDIA FOUNDATION

(Company Limited by Guarantee and not having Share Capital)

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED MARCH 31, 2023

B. <u>Use of Estimates:</u>

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the Year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known / materialize.

C. <u>Revenue Recognition:</u>

- a) Earmarked grants are initially credited to a liability account in the Balance Sheet and are transferred to Income and Expenditure Account in the year in which and to the extent to which the Company complies with the conditions attached to them.
- b) Donations are recognized as income in Statement of Income and Expenditure in the period in which the collections are actually received.
- c) Interest Income is recognized in time proportion basis taking into account the amount outstanding.

D. Foreign Currency Transactions:

The Company has received foreign contributions under Foreign Contribution (Regulations) Act, 2010 read with FCRA Rules, 2011. The foreign contribution received has been accounted for in the books the basis of FIRC copies issued by the banker. The exchange rate mentioned in the FIRC copy is taken as conversion rate for the purpose of converting foreign contribution in INR.

E. Fixed Assets:

Tangible assets are stated at acquisition cost, net of accumulated depreciation and accumulated impairment losses, if any. Cost includes purchase price and any attributable cost of bringing the assets to its working condition for its intended use.

Components of Grants utilized for meeting costs of capital assets are disclosed as 'Grant for Capital Assets' as a part of 'Other Non-Current Liabilities'. Costs of such assets are capitalized. Amount equivalent to depreciation provided on such asset is released from Capital Grant to Income and Expenditure Account. Gifted assets accounted for in the books of accounts at notional value of Rs.1/- each assets item and shown under gross block as gifted assets.

F. Depreciation:

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. The depreciation is calculated on written down value method. Depreciation has been provided as per the useful / estimated life prescribed in Schedule II to the Companies Act, 2013.

Following are the categories of assets and useful life considered based on Schedule II to the Companies Act 2013:

| Assets | Estimated Useful Life |
|--|-----------------------|
| Office Equipment | 5 years |
| Computers and data processing units (including software) | 3 years |
| Furniture and Fixtures | 10 years |

INDEPENDENT AUDITOR'S REPORT

To The Members of Transforming Rural India Foundation

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Transforming Rural India Foundation ("the Company"), which comprise the Balance Sheet as at 31st March 2022, the Statement of Income and Expenditure and the Statement of Cash Flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act read with the Companies (Accounting Standards) Rules, 2006, as amended ("Accounting Standards") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2022, and of its excess of income over expenditure and its cash flows for the year ended on that date.

Basis for Opinion

R

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditod's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the institute of Chartered Accountants of India (ICA) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information
 included in the Directors report, but does not include the financial statements and our auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's
 report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We
 have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance cash flows of the Company in accordance with the Accounting Standards and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting reinciples generally accepted in India. This afeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process,

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and
 perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide
 a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting
 from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal
 control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit
 evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on
 the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to
 draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are
 inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's
 report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether
the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

- 1. As required by Section 143(3) of the Act, we report that:

TRANSFORMING RURAL INDIA FOUNDATION

(Company Limited by Guarantee and not having Share Capital) NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED MARCH 31, 2022

Use of Estimates:

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the Year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known / materialize.

c. Revenue Recognition:

- a) Earmarked grants are initially credited to a liability account in the Balance Sheet and are transferred to Income and Expenditure Account in the year in which and to the extent to which the Company complies with the conditions attached to them.
- b) Donations are recognized as income in Statement of Income and Expenditure in the period in which the collections are actually received.
- c) Interest Income is recognized in time proportion basis taking into account the amount outstanding.

D. Foreign Currency Transactions:

The Company has received foreign contributions under Foreign Contribution (Regulations) Act, 2010 read with FCRA Rules, 2011. The foreign contribution received has been accounted for in the books the basis of FIRC copies issued by the banker. The exchange rate mentioned in the FIRC copy is taken as conversion rate for the purpose of converting foreign contribution in INR.

E. Fixed Assets:

Tangible assets are stated at acquisition cost, net of accumulated depreciation and accumulated impairment losses, if any. Cost includes purchase price and any attributable cost of bringing the assets to its working condition for its intended use.

INDEPENDENT AUDITOR'S REPORT

To The Board of Directors of Transforming Rural India Foundation

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Transforming Rural India Foundation ("the Company"), which comprise the Balance Sheet as at 31 March 2021, the Statement of Income and Expenditure and the Statement of Cash Flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act read with the Companies (Accounting Standards) Rules, 2006, as amended ("Accounting Standards") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2021, and of its excess of income over expenditure and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

• The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors report, but does not include the financial statements and our auditor's report thereon.

- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, cash flows of the Company in accordance with the Accounting Standards and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could

Page 2 of 5

reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with

Page 3 of 5

them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Income and Expenditure, and the Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on 31 March 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164(2) of the Act.
- f) Reporting on the adequacy of Internal Financial Control Over Financial Reporting of the Company and the operating effectiveness of such controls, under section 143(3)(i) of the Act is not applicable in view of the exemption available to the Company in terms of the notification no. G.S.R. 583(E) dated 13 June 2017 issued by the Ministry of Corporate Affairs, Government of India, read with general circular No. 08/2017 dated 25 July 2017.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended

In our opinion and to the best of our information and according to the explanations given to us, the Company being a private Company, section 197 of the Act related to the managerial remuneration is not applicable.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

Page 4 of 5

- iii. There were no amounts which were required to be transferred, to the Investor Education and Protection Fund by the Company.
- 2. This report does not include the statement on matters specified in Paragraph 3 and 4 of the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, since the Order is not applicable to the Company, being a Company licensed to operate under Section 8 of the Companies Act 2013, as specified in paragraph 1(2) (iii) of the Order.

Terms of payment of Application Amount

The Applicants may also pay their Application Amounts by direct credit / NACH / NEFT / RTGS or may issue cheque / demand draft in respect of their Application to the below bank account:

Escrow Account Details:*

Bank Name: RBL BANK LIMITED Account No.: 409002221312 Account Name: TRANFORMING RURAL INDIA FOUNDATION IFSC Code: RATN0000100 Account Type: Savings Account

In case of payment by way of cheque / demand draft, the same shall be attached to the Application Form. In case the Applicant has transferred the Application Amount by way of an electronic transfer to the Escrow Account, then the Applicant shall necessarily mention the UTR no. and date of transfer in the Application Form.

All Applications where payment is being made by cheque / demand draft should be submitted to the Registrar to the Issue before the Issue Closing Date. Further, Applications where payment is being made by electronic bank transfer should reach the Registrar to the Issue within up to 3 (three) Working Days from the Issue Closing Date, provided that such extended time shall be available only if the Application Amount has been received in the Escrow Account prior to the Issue Closing Date.

Participation by any of the investor classes as mentioned in this Final Fund Raising Document in the Issue will be subject to applicable statutory and/or regulatory requirements. Applicants are advised to ensure that applications made by them do not exceed the investment limits or maximum number of ZCZP Instruments that can be held by them under applicable statutory and/or regulatory provisions.

Applications should be made in single name. Applications should be made by Karta in case the Applicant is an HUF. If the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form.

This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form. Please ensure that such Applications contain the PAN of the HUF and not of the Karta.

Maturity

The tenure of the ZCZP Instruments will be 2 Years from the deemed date of allotment or completion of the Project whichever is earlier, being the timeline for completion of the Objects of the Issue. For further details please see "Objects of the Issue "on page 16 of this Final Fund Raising Document.

Lock-in

The ZCZP Instruments cannot be transferred and the Bidders (including corporates) will continue to hold them till maturity. For further details, please see "Risk Factors - There is no secondary market for ZCZP Instruments as ZCZP Instruments listed on the Stock Exchanges issued by non-profit organisations are not tradable." and "Terms of the Issue - Form of Allotment and Denomination of ZCZP Instruments" on page 7 and 157 respectively of this Final Fund Raising Document.

Termination of listing of the ZCZP Instruments

The tenure of the ZCZP Instruments will be 2 Years from the deemed date of allotment or completion of the Project whichever is earlier, being the timeline for completion of the Objects of the Issue. For further details, please see "*Objects of the Issue* "on page 16 of this Final Fund Raising Document. Our Company shall submit a certificate to this extent to the Stock Exchanges

TERMS OF THE ISSUE

Authority for the Issue

At the meeting of the Board of Directors of our Company held on October 27, 2023, the Board of Directors approved the issuance of ZCZP Instruments of the Face Value Rs. 10,000 each for an amount upto Rs. 2 Crores.

The ZCZP Instruments pursuant to this Issue will be issued on terms and conditions as set out in the Final Fund Raising Document.

Principal Terms & Conditions of the Issue

The ZCZP Instruments being offered as part of the Issue are subject to the provisions of the SEBI ICDR Regulations read with the NSE Norms, the SSE Framework Circular, Sthe Act, the Memorandum and Articles of Association of our Company, the terms of the Draft Prospectus, the Final Fund Raising Document, the Application Forms, other applicable statutory and/or regulatory requirements including those issued from time to time by SEBI/the Government of India/NSE, and/or other statutory/regulatory authorities relating to the offer, issue and listing of securities and any other documents that may be executed in connection with the ZCZP Instruments.

Ranking of ZCZP Instruments

The ZCZP Instruments shall rank pari passu inter se.

Face Value

The face value of each ZCZP Instrument shall be Rs. 10,000.

ZCZP Instrument Holder not a Shareholder

The ZCZP Holders will not be entitled to any of the rights and privileges available to the equity and/or preference shareholders of our Company, except to rights as may be prescribed under the Companies Act, 2013 and the rules prescribed thereunder and the SEBI Listing Regulations.

Jurisdiction

Exclusive jurisdiction for the purpose of the Issue is with the competent courts of jurisdiction in New Delhi, India.

Application in the Issue

Applicants shall apply in the Issue in physical form only, through a valid Application Form filled in by the Applicant along with attachment, as applicable and shall be submitted to the Registrar to the Issue.

Form of Allotment and Denomination of ZCZP Instruments

As per the NSE Norms, the listed ZCZP Instruments will not be made available for trading in secondary market. Allotment in the Issue to all Allottees, will be in electronic form i.e., in dematerialised form and in multiples of one ZCZP Instrument.

For details of allotment refer to chapter titled "Issue procedure" beginning on Page 161 of this Final Fund Raising Document.

Transfer/Transmission of ZCZP Instruments

The ZCZP Instruments shall be transferred to the legal heirs of the Allottees, subject to and in accordance with the rules/procedures as prescribed by NSDL/CDSL and the relevant DPs of the transfer or transferee and any other applicable laws and rules notified in respect thereof.

Title

The ZCZP Holder(s) for the time being appearing in the record of beneficial owners maintained by the Depository shall be treated for all purposes by our Company, the Depositories and all other persons dealing with such person as the holder thereof and its absolute owner for all purposes.

Succession

In the event of demise of the sole or first holder of the ZCZP Instruments, our Company will recognise the executors or administrator of the deceased ZCZP Instrument Holders, or the holder of the succession certificate or other legal representative as having title to the ZCZP Instruments only if such executor or administrator obtains and produces probate or letter of administration or is the holder of the succession certificate or other legal representation, as the case may be, from an appropriate court in India. Where ZCZP Instruments are held in joint names and one of the joint holders dies, the survivor(s) will be recognized as the ZCZP Instrument Holder(s). It will be sufficient for our Company to delete the name of the deceased ZCZP Instrument Holder after obtaining satisfactory evidence of his death. Provided, a third person may call on our Company to register his name as successor of the deceased ZCZP Holder after obtaining evidence such as probate of a will for the purpose of proving his title to the ZCZP Instruments. The directors of our Company in their absolute discretion may, in any case, dispense with production of probate or letter of administration or succession certificate or other legal representation.

Joint holders

Where two or more persons are holders of any ZCZP Instruments, they shall be deemed to hold the same as joint holders with benefits of survivorship subject to other provisions contained in the Articles.

Applications should be made in single name. If the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form.

This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form.

All communications will be addressed to the first named Applicant whose name appears in the Application Form and at the address mentioned therein.

Applicants are advised to ensure that applications made by them do not exceed the investment limits or maximum number of ZCZP Instruments that can be held by them under applicable statutory and or regulatory provisions.

Impersonation

As a matter of abundant caution, attention of the Investor is specifically drawn to the provisions of sub-section (1) of Section 38 of the Companies Act, 2013 which is reproduced below:

"Any person who- (a) makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or (b) makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or (c) otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name, shall be liable for action under Section 447 of the Companies Act 2013".

The liability prescribed under Section 447 of the Companies Act 2013 for fraud involving an amount of at least Rs. 10 lakh or 1.00% of the turnover of our Company whichever is lower, includes imprisonment for a term which shall not be less than six months extending up to 10 years (provided that where the fraud involves public interest, such term shall not be less than three years) and fine of an amount not less than the amount involved in the fraud, extending up to three times of such amount. In case the fraud involves (i) an amount which is less than Rs. 10 Lakh or 1.00% of the turnover of our Company, which is lower; and (ii) does not involve public interest, then such fraud is punishable with an imprisonment for a term extending up to five years or a fine of an amount extending up to Rs. 20Lakhs or with both.

Pre-closure

Our Company reserves the right to close the Issue at any time prior to the Issue Closing Date, subject to receipt of minimum subscription or as may be specified in this Final Fund Raising Document. Our Company shall Allot ZCZP Instruments with respect to the Applications received until the time of such pre-closure in accordance with the Basis of Allotment as described hereinabove and subject to applicable statutory and/or regulatory requirements.

Minimum subscription

In terms of the SEBI ICDR Regulations, for an issuer undertaking a public issue of zero coupon zero principal instruments the minimum subscription for such public issue of zero coupon zero principal instruments shall be 75% of the Issue Size.

If our Company does not receive the minimum subscription of 75% of Issue Size, prior to the Issue Closing Date, the entire Application Amount shall be refunded to the Applicants.

Further, no separate arrangements have been made in case of subscription above 75% of the Issue Size but below 100% of the Issue Size.

In case the subscription above 75% of the Issue Size but below 100% of the Issue Size is not arranged, the impact on achieving social objectives is as follows:

If case of subscription above 75% of the Issue Size but below 100% of the Issue Size, the number of youth trained will get reduced on a pro rata basis.

Under Section 39(3) of the Companies Act, 2013 and Rule 11(2) of the Companies (Prospectus and Allotment of Securities) Rules, 2014, if the stated minimum subscription amount is not received within the specified period, the application money received is to be credited only to the bank account from which the subscription was remitted. To the extent possible, where the required information for making such refunds is available with our Company and/or the Registrar, refunds will be made to the account prescribed. However, where our Company and/or the Registrar does not have the necessary information for making such refunds, our Company and/or the Registrar will follow the guidelines prescribed by SEBI in this regard.

Utilisation of Application Amount

The sum received in respect of the Issue will be kept in the Escrow Account and we will have access to such funds only upon Allotment or refunds, whichever is later of the ZCZP Instruments and on receipt of listing approval from the Stock Exchange as per applicable provisions of law(s), regulations and approvals.

Utilisation of Issue Proceeds

(a) All monies received pursuant to the issue of ZCZP Instruments to public shall be transferred to a separate bank account other than the bank account referred to in sub-section (3) of Section 40 of the Companies Act, 2013;

- (b) Our Company shall submit to the Stock Exchanges a statement in respect of utilisation of the Net Proceeds, on a quarterly basis, containing (a) category-wise amount of monies raised, (b) category-wise amount of monies utilized, balance amount remaining unutilized, until the utilization of the Net Proceeds in accordance with this Final Fund Raising Document;

- No separate receipts will be issued for the money payable on the submission of the Application Form.
- Every Applicant should hold valid Permanent Account Number (PAN) and mention the same in the Application Form;
- All Applications where payment is being made by cheque / demand draft should be submitted to the Registrar to the Issue before the Issue Closing Date. Further, Applications where payment is being made by electronic bank transfer should reach the Registrar to the Issue within up to 3 (three) Working Days from the Issue Closing Date, provided that such extended time shall be available only if the Application Amount has been received in the Escrow Account prior to the Issue Closing Date.

Our Company would allot the series of ZCZP Instruments, as specified in the Prospectus to all valid Applications

B. Applicants' Beneficiary Account and Bank Account Details

Applicants applying for Allotment in dematerialized form must mention their DP ID, Client ID and PAN in the Application Form and ensure that the name provided in the Application Form is exactly the same as the name in which the Beneficiary Account is held. In case the Application Form for Allotment in dematerialized form is submitted in the first Applicants' Name it should be ensured that the Beneficiary Account is held in the same join names and in the same sequence in which the appear in the Application Form. In case the DP ID, Client ID and PAN mentioned in the Application Form for Allotment in dematerialized form do not match with the DP ID, Client ID and PAN available in the Depository database or in case PAN is not available in the Depository database, the Application Form for Allotment in dematerialized form is liable to be rejected. Further, Application Forms submitted by Applicants applying for Allotment in dematerialized form, whose beneficiary accounts are inactive, will be rejected.

On the basis of the DP ID and Client ID provided by the Applicant in the Application Form for Allotment in dematerialized form, the Registrar to the Issue will obtain from the Depositories the Demographic Details of the Applicant including PAN, address, Magnetic ink Character Recognition ("MICR") Code and occupation. These Demographic Details would be used for giving Allotment Advice and refunds (including through physical refund warrants, direct credit, NACH, NEFT and RTGS), if any, to the Applicants. Hence, Applicants are advised to immediately update their Demographic Details as appearing on the records of the DP and ensure that they are true and correct, and carefully fill in their Beneficiary Account details in the Application Form. Failure to do so could result in delays in dispatch/credit of refunds to Applicants and delivery of Allotment Advice at the Applicants' sole risk and neither our Company, Registrar to the Issue nor the Stock Exchanges will bear any responsibility or liability for the same.

The Demographic Details would be used for correspondence with the Applicants including mailing of the Allotment Advice. Allotment Advice would be mailed at the address of the Applicant as per the Demographic Details received from the Depositories.

In case of Applications made under power of attorney, our Company in its absolute discretion, reserves the right to permit the holder of Power of Attorney to request the Registrar that for the purpose of printing particulars on the mailing of Allotment Advice, the demographic details obtained from the Depository of the Applicant shall be used.

By signing the Application Form, the Applicant would have deemed to have authorized the Depositories to provide, upon request, to the Registrar to the Issue, the required Demographic Details as available on its records. The Demographic Details given by Applicant in the Application Form would not be used for any other purpose by the Registrar to the Issue except in relation to the Issue.

The beneficiary accounts of Applicants for whom PAN details have not been verified shall be suspended for credit and no credit of ZCZP Instruments pursuant to the Issue will be made into the accounts of such Applicants. Application Forms submitted by Applicants whose beneficiary accounts are inactive shall be rejected. Furthermore, in case no corresponding record is available with the Depositories, which matches the three parameters, namely, DP ID, Client ID and PAN, then such Application are liable to be rejected.

C. Permanent Account Number (PAN)

The Applicant should mention his or her PAN allotted under the IT Act. For minor Applicants, applying through the guardian, it is mandatory to mention the PAN of the minor Applicant. However, Applications on behalf of the Central or State Government officials and the officials appointed by the courts in terms of a SEBI circular dated June 30, 2008, and Applicants residing in the state of Sikkim who in terms of a SEBI circular dated July 20, 2006, may be exempt from specifying their PAN for transacting in the securities market. In accordance with Circular No. MRD/DOP/Cir- 05/2007 dated April 27, 2007, issued by SEBI, the PAN would be the sole identification number for the participants transacting in the securities market, irrespective of the amount of transaction. Any Application Form, without the PAN is liable to be rejected, irrespective of the amount of transaction. It is to be specifically noted that the Applicants should not submit the GIR number instead of the PAN as the Application is liable to be rejected on this ground.

However, the exemption for the Central or State Government and the officials appointed by the courts and for investors residing in the state of Sikkim is subject to the Depository Participants verifying the veracity of such claims by collecting sufficient documentary evidence in support of their claims. At the time of ascertaining the validity of these Applications, the Registrar to the Issue will check under the Depository records for the appropriate description under the PAN field i.e., either Sikkim category or exempt category.

Mode of making refunds

The Registrar to the Issue shall make refunds to the relevant bank accounts of the Applicants as per the Demographic detail given by the Depositories.

The mode of refund shall be undertaken in the following order of preference:

1. Direct Credit

Applicants having their bank account with the Escrow Collection Bank, shall be eligible to receive refunds, if any, through direct credit. The refund amount, if any, would be credited directly to their bank account with the Escrow Collection Bank.

2. NACH

National Automated Clearing House which is a consolidated system of ECS. Payment of refund would be done through NACH for Applicants having an account at one of the centres specified by the RBI, where such facility has been made available. This would be subject to availability of complete bank account details including Magnetic Ink Character Recognition (MICR) code wherever applicable from the depository. The payment of refund through NACH is mandatory for Applicants having a bank account at any of the centres where NACH facility has been made available by the RBI (subject to availability of all information for crediting the refund through NACH including the MICR code as appearing on a cheque leaf, from the depositories), except where applicant is otherwise disclosed as eligible to get refunds through NEFT or Direct Credit or RTGS.

3. RTGS

Applicants having a bank account with a participating bank and whose refund amount exceeds Rs. 2,00,000 or such amount as may be fixed by the RBI from time to time have the option to receive refund through RTGS. Such eligible Applicants who indicate their preference to receive refund through RTGS are required to provide the Indian Financial System Code ("IFSC") in the Application Form or intimate our Company and the Registrar to the Issue at least seven days prior to the Record Date. Charge, if any levied by the Applicants' bank receiving the credit would be borne by the Applicant. In the event the same is not provided, refund shall be made through NACH subject to availability of complete bank account details for the same as stated above.

4. NEFT

Payment of refunds shall be undertaken through NEFT wherever the Applicants' banks have been assigned the IFSC which can be linked to a Magnetic Ink Character Recognition (MICR) code, if any available to that particular bank branch. The IFSC Code will be obtained from the website of RBI as on a date immediately prior to the date of payment of refund, duly mapped with MICR numbers. Wherever the Applicants have registered their nine-digit MICR number and their bank account number while opening and operating the demat account, the same will be duly mapped with the IFSC of that particular bank branch and the payment of refund will be made to the applicants through this method.

Basis of Allotment

If the Issue is oversubscribed (i.e. if the subscription received is greater than the Issue Size), the allocation of ZCZP Instruments, shall be on a First Come First basis. The early applications subscribing the Issue shall be allotted and rest shall be rejected.

Issuance of Allotment Advice

Our Company shall ensure dispatch of Allotment Advice as per the Demographic Details received from the Depositories within 8-10 Working Days of the Issue Closing Date. Instructions for credit of ZCZP Instruments to the beneficiary account with Depository Participants shall be made within 8-10 Working Days of the Issue Closing Date. Our Company will provide adequate funds required for dispatch of Allotment Advice, as applicable, to the Registrar to the Issue.

Investor Withdrawals and Pre-closure

<u>Investor Withdrawal:</u> Applicants can withdraw their Applications till the Issue Closing Date by submitting a request for the same to the Registrar, through whom the Application had been placed. In case an Applicant wishes to withdraw the Application after the Issue Closing Date, the same can be done by submitting a withdrawal request to the Registrar to the Issue prior to the finalization of the Basis of Allotment.

<u>Pre-closure</u>: Our Company reserves the right to close the Issue at any time prior to the Issue Closing Date, subject to receipt of minimum subscription or as may be specified in the Prospectus. Our Company shall allot ZCZP Instruments with respect to the Applications received until the time of such pre-closure in accordance with the Basis of Allotment as described hereinabove and subject to applicable statutory and/or regulatory requirements.

If our Company does not receive the minimum subscription of 75% of Issue Size prior to the Issue Closing Date the entire Application Amount shall be refunded to the Applicants.

Mission & Vision

Preamble

The national aspiration of "Transforming India" can't move ahead without "Transforming Rural India", the sheer number and persistent urban-rural opportunity divide (poverty incidence continues to be almost twice that of urban, similar deprivations exist on all other metrics of human development) lays waste a very large humanity. This requires a "national effort" of multiple stakeholders at different levels local community and social institutions - grassroot development organisations, corporate sector, market exchanges, financial institutions, state and federal government, research & technical resources and other public spirited societal efforts.

Transforming Rural India Foundation is an initiative to bring about a paradigm change on key indicators of rural life, it's single mission focus is on making rural life as one of co-equal opportunity, it tasks itself of freeing 100.000 poorest villages in east-central India from stagnation, indifference and isolation facilitating conditions for communities to take control of their destinies. The premise of TRI is that it is possible within in a fixed time frame to bring a paradigm shift in how rural communities look at themselves and build their capacities to seize opportunities that a fast growing and modernising India offers. TRI believes rural communities initiative, aspiration is central to "transform" and through convergent societal action it is possible to bring-in a process of "new socialisation" around a set of norms, behaviour which will create fertile ground for multi-dimensional changes.

The <u>basic premise for TRI</u> is founded on no single intervention brings lasting change (we must work on all Quality Life Experience dimensions), no one sector state, market or CSO <u>can fully solve challenges</u>: no one organisation how so ever innovative or impactful <u>can bring comprehensive change</u>. Beyond isolated efforts what is required is collective effort of

multiple actors across sectors. TRI attempts to do bring multiple stake-holders together around community led halistic comprehensive change agenda.

TRI Organisation

TRI brings together the Grassroots NGO, Thematic Resource Organisation, market providers to commit to engage and leverage their work and presence in community to create multi-dimensional change. Success of large multi-stakeholder efforts rests on the quality of the unifying leadership. TRI is the orchestrator of the entire eco-system, a backbone organization which holds the collaboration together, the "idea" to fruition and is accountable for the "Promise". The key functions for such an organization are:

a) Guide and Integrate "The Promise" and Strategy

b) Establish Shared Measurement and Reporting

- c) Bring all Stake-holders together and curate partnerships to deliver the "Promise":
- d) Build public goodwill and advocate policy
- e) Mobilise resources
